## HAFCO Industrial Work Bench IWB-2275

Rounded-bull nosed hard PVC edge

Adjustable Feet - 16mm Internal thread

Steel leg bracing

### Description

The IWB-2275 Industrial-duty work bench is constructed from heavy duty powder coated steel frame to provide maximum rigidity for the most demanding industrial applications. The 41mm bench top consists of laminated MDF that is covered with an oil resistant 2mm high density laminate & it is finished with a rounded PVC edge ensuring it will withstand heavy loads.

A wide array of optional accessories are available to suit this bench such as drawer units, louvred backing panel along with a complete range of tool hooks, hangers and storage buckets making storing and locating your tools much easier.

### Features

- 1000kg total load capacity
- Heavy duty steel fabricated frame with powder coated finish for maximum rigidity
- 41mm thick top surface includes a 2mm high density laminate with bull nosed hard PVC edge
- Adjustable feet
- Please Note: 1000kg load capacity is calculated on even weight distribution over entire tabletop surface
