### Description

The HC-2W cabinet is our wide drawer version of our popular 2 drawer unit designed to be mounted under any of our 1200 – 2200mm work benches by using the mounting brackets supplied. The wide drawer is perfect for storing longer tools or equipment & includes adjustable dividers to easily organise the space.

### Features

- Ideal for garages or workshops
- Heavy-duty drawers utilise ball-bearing slides, providing 97% drawer access
- Key lockable drawers with a load capacity of 40kg each

### Includes

- Drawer 1 - 100mm high, load capacity of 40kg and includes steel dividers
- Drawer 2 - 100mm high, load capacity of 40kg and includes steel dividers
