

ALCOCK

Metric Industrial HSS Reduced Shank Drill Set

Ø13 - Ø25mm

ALCOCK Metric Industrial HSS Reduced Shank Drill Set

Metric Reduced Shank Drill Set

Case

Case Open

Description

Alcock drill bits are manufactured from M35 grade HSS including 5% cobalt, this high-grade material offers superior drilling performance and durability. Each drill bit features precision-ground flutes and a 135° cutting point angle, which is ideal for drilling in tougher materials while enhancing longevity and performance. The reduced shank design allows heavy-duty drilling using standard Ø13mm capacity chucks, offering maximum versatility across a wide range of workshop applications.

This professional drill bit kit includes sizes from Ø13mm to Ø25mm, all neatly housed in a rugged, organized carry case—making it the perfect addition to any workshop.

Features

- M35 Grade HSS including 5% Cobalt
- Ø13mm reduced shank
- 8 Piece Set in sizes – 13, 14, 15, 16, 18, 20, 22, & 25mm
- Precision ground flutes
- 135° cutting point for drilling steels and tough materials
- Manufactured to DIN 345 Standard
- Bronze oxide finish to reduce friction
- Supplied in a deluxe plastic storage case

Specifications

ORDER CODE	D1171
Type	Metric
Application	Industrial Set
Number of Pieces	8
Range (mm / Inch)	13, 14, 15, 16, 18, 20, 22 & 25
Reduced Shank Size (mm / Inch)	13
Angle of Point (Degrees)	135
Standard (DIN)	DIN 345
Nett Weight (Kg)	2.2
