**Ø1/16" - Ø1/2"**

## ALCOCK Imperial 135° Precision HSS Drill Set - 29 Piece

Case

### Description

Alcock drill bits are manufactured from M2 High-Speed Steel, renowned as the highest-grade material for superior drilling performance and durability. Each drill bit features precision-ground flutes and a 135° cutting point angle, optimised for industrial applications.

The 135° cutting point ensures smoother cutting in steel by effectively dispersing heat away from the drill's center, enhancing longevity and performance. Additionally, the drill bits are engineered with a split-point design, minimizing material resistance at the tip. This innovative feature eliminates the need for a pilot drill, reduces wandering, and ensures effortless, accurate drilling every time.

Supplied in a durable plastic case with clearly labeled sizes, these sets make it easy to grab the right bit every time—perfect for both workshops and site use.

Sizes available: 1/16" to 1/2" in 1/64" increments

### Features

- Industrial Quality, precision ground flutes
- HSS M2 bright finish
- 135° split point centre for tool rooms and machine shops.
- Manufactured to DIN 338 Standard

### Specifications

<b>ORDER CODE</b>	D1282
<b>Flutes (Type)</b>	Precision Ground
<b>Number of Pieces (No.)</b>	29
<b>Drill Size Range (Inch / mm)</b>	1/16 - 1/2"
<b>Metric / Imperial (~)</b>	Imperial
<b>Drill Size Steps (Inch / mm)</b>	1/64"
<b>Point Angle (Degrees)</b>	135°
<b>Standard (DIN)</b>	DIN 338
<b>Nett Weight (kg)</b>	1.7
