

TOOLMASTER

2MT Broach Cutter Adaptor

Ø12 ~ Ø50mm

TOOLMASTER 2MT Broach Cutter Adaptor

Shown Mounted to Drilling Machine

Description

2MT adaptor to suit broach cutters with 19mm shanks. Ideal for bench and pedestal drills where large holes to 50mm need to be produced. The adaptor will hold 12 ~ 50mm broach cutters, but using cutters over 25mm will depend on the power and strength of the machine.

Note! Cutters not included

Note! Coolant must be used when using the cutters

Features

- Internal rotary coolant coupler
- Coolant bottle and hose
