Description

Heavy Duty steel construction. Great heavy duty work bench for the workshop or garage.

The IWB-12 Industrial-duty work bench has a huge load capacity of 1000kg (1 Tonne). Constructed from heavy duty powder coated steel the multi-functional commercial frame provides maximum rigidity for the most demanding industrial applications. Finished with a rounded PVC edge the 41 mm medium density laminated bench top will withstand heavy loads.

An optional louvred backing panel which incorporates a fixed top and bottom shelf is a great addition. A complete range of tool hooks, hangers and storage buckets are also available making storing and locating your tools much easier.

To complete the package a 6 drawer tooling cabinet designed to fit underneath the bench is another great option. Featuring a range of plastic boxes in the top drawer it would be ideal for the storage of small parts such as screws etc. The lower drawers incorporate movable steel dividers which allow you to configure the space to suit your application; this great work bench solution shown can be individually purchased to suit your requirements.

HAFCO Industrial Work Bench Package Deal IWB-12P0
