

HAFCO-WOODMASTER T-13S

Bench Mount Thicknesser - Spiral Head Package Deal

330 x 152mm (W x H) Material Capacity

HAFCO-WOODMASTER Bench Mount Thicknesser - Spiral Head Package Deal T-13S

Description

The T-13S sets itself apart from traditional thicknessers with its upgraded spiral cutter head, now standard on this model. Unlike conventional straight blade systems, the spiral design delivers a shearing action as it engages the workpiece. This results in a significantly smoother finish with reduced chipping and tear-out, along with noticeably quieter operation compared to the loud chopping action of traditional HSS cutter heads.

The cutter head is fitted with 26 replaceable HSS inserts that are easy to index or swap out using the included torque key. Since each insert sits at a fixed height, there's no need for time-consuming setup or adjustments—just unscrew and replace.

Thickness adjustment is made via a precision control lever located on top of the machine, working in tandem with a measurement scale on the front for quick reference. Additional features include a front-mounted depth of cut gauge and a lower-mounted preset depth stop with fixed positions at 1/8", 1/4", 3/8", and 1/2", allowing for consistent and repeatable results.

Built for reliability and performance, the T-13S combines a robust frame with thoughtful features to meet the demands of serious woodworkers and small production workshops.

Features

- Ideal portable machine
- 1.8kW / 2.4hp 240V motor
- 330mm x 152mm timber capacity
- Spiral cutter head includes 26 x HSS inserts
- Pre-set depth stop with 4 settings - 1/8", 1/4", 3/8", 1/2"
- Cut thickness indicator
- Power timber feed rollers
- Safety NVR switch
- 4 post design
- Anti-Kick back fingers
- Extension tables
- Includes 100/63mm dust chute
- A dust collector is required with this thicknesser

Includes

- 3 x Tungsten inserts - (10 Inserts Per Pack) (W817)

Specifications

ORDER CODE	K125
MODEL	T-13S
Material Width Capacity (mm)	330
Material Height Capacity (mm)	152
Minimum Material Length (mm)	178
Maximum Depth of Cut (mm)	1.5mm @ 330mm Wide 3.3mm @ 152mm Wide
Cutter Type	HSS Inserts - Spiral
Quantity of Cutters (No. x Type)	26 x Inserts
Cutter Block Diameter (mm)	50.8
Cutter Block Speed (rpm)	10000
