Description

The BG-200 Buffing Grinder Kit combines a powerful industrial bench grinder with a complete buffing system, making it ideal for polishing and finishing a wide range of materials. This kit includes stitched and loose-leaf buffing mops, multiple buffing soaps for different finishes, and tapered spindles for easy attachment. Built with a durable cast iron body, a true 1HP motor, and sealed bearings, this grinder ensures long-lasting performance in any workshop.

Features

- BG-200 Industrial Bench Grinder:
 - Powerful true 1HP (0.75kW) motor for heavy-duty applications
 - Cast iron body & base for superior rigidity and durability
 - Sealed bearings for smooth and long-lasting operation
 - Anti-vibration pads on the base for enhanced stability and reduced noise
 - Motor with capacitor start/stop for maximum efficiency
 - 50mm wide wheel guards allow fitment of wire wheels
 - Dustproof on/off switch for added safety and reliability
 - Fully adjustable tool rests for precise grinding control
 - Large rectangular safety eye shields for improved protection
- Buffing Kit Attachment:
 - Converts your 200mm bench grinder into a buffing machine
 - Includes both stitched and loose-leaf mops for different buffing applications
 - Comes with a selection of buffing soaps for coarse, medium, fine, and super fine finishes
 - Two 16 x 2.0mm tapered spindles for secure attachment to your grinder
 - Suitable for polishing metals, plastics, and other materials

HAFCO-METALMASTER Industrial Bench Grinder Buffing Kit Package Deal HG-200 NFK-200 KIT
