Description

The HAFCO nut & blind riveter is a dual-purpose hand tool used to install nut rivets (also known as nutserts) onto thin sheet steel and aluminium. Ideal when the sheet is too thin for thread tapping, or when a through nut and bolt are difficult to reach. The riveter can also install traditional pop or blind rivets to join a wide range of materials securely.

The 130-piece nut & blind riveter kit includes a heavy-duty hand-operated twin-handle nut riveter manufactured from aluminium & steel with moulded handles for better grip. Housed in a protective blow-moulded carry case, the set includes 40 aluminium rivet nut inserts (10 of each size), and the four mandrels to suit, 80 aluminium blind rivets (20 of each size), and the four blind rivet mandrels to suit.

Features

- Heavy duty aluminium & steel hand rivet tool with moulded grips
- Suitable for aluminium, steel & stainless steel rivets & rivet nuts

Includes

- Aluminium Rivet Nut Inserts: (10 of each size)
- (GR) - Grip Range & (TC) - Torque Capacity
- M5 x 0.8mm - (GR) - 0.25 ~ 2.5mm & (TC) - 5.9 N.m
- M6 x 1.0mm - (GR) - 0.75 ~ 3.0mm & (TC) - 9.8 N.m
- M8 x 1.25mm - (GR) - 1.00 ~ 3.0mm & (TC) - 16.6 N.m
- M10 x 1.5mm - (GR) - 1.00 ~ 4.0mm & (TC) - 34.3 N.m
- Aluminium blind rivets: (20 of each size)
- Ø3.2mm, Ø4.0mm, Ø4.8mm, Ø6.4mm
- 4 x rivet nut mandrels
- 4 x blind rivet mandrels
- Mandrel spanner
- Blow mould storage carry case
