

METALMASTER

Oxide Removal Wire Brush - 150mm

METALMASTER Oxide Removal Wire Brush - 150mm

Description

Components cut with oxygen have oxide layers on the cut edges. These dark layers are removed with the oxide brushes. The oxide brush is characterized by an innovative, multi-row arrangement of a specially developed wire set. The arrangement enables optimum oxide layer removal and ensures metallically bright cut edges with a long lifetime at the same time.

Features

- Double row heavy duty wire brush
- Made in Germany

Specifications

Order Code	P7880
Application	Oxide Removal
Type	~
Grit	~
Diameter (mm)	155
Bore (mm)	25
Speed Rating (rpm)	700
Rotation	Clockwise
