Description

The MBR-475XT motorised bead roller is much easier to use compared to manual machines to having your panels beaded in your home workshop or garage. Made from heavy plate steel and a 475mm throat depth making it perfect for strengthening any type of car roof, body panels, seals & guards etc.

The MBR-475XT also includes a stand that also stores the seven sets of the most common rolls required by any metal forming automotive enthusiasts or professional.

METALMASTER Bead Roller - Motorised Variable Speed MBR-475XT

Features

- 1.2mm mild steel capacity
