Description

Our heavy-duty industrial steel storage cupboards are built tough to withstand the toughest workshop environments. Being a compact size of 900mm wide x 450mm deep x 1800mm high making it the perfect choice for tooling, machine accessories & consumable items in your workshop. Its industrial quality & sturdy construction making it capable of handling heavy loads with a very generous shelf load capacity of 150kg per shelf & the drawers capable of handling 75kg per drawer while keeping goods secure against unauthorised access with a 3-point locking system. The powder coated steel frame & commercial quality fabricated components provides maximum rigidity for the most demanding industrial applications.

This cupboard comes standard with 4 shelves, 1 x 100mm deep drawer & 1 x 200mm with all being adjustable allowing you the ability to set up the positions of the shelves or the drawers to suit your application, optional extra drawers & shelf packs are available for further customisation.
