Description

Upgrade your workspace lighting with the HAFCO Motion Sensor LED Light Magnetic Strip Series- a sleek, rechargeable lighting solution designed for workshops, garages, cabinets, toolboxes and storage areas. Featuring motion sensor activation, magnetic mounting and adjustable colour temperatures, the HAFCO LED Light Strip delivers bright, hands-free illumination exactly where you need it.

Designed with a slim low-profile body and powerful magnetic mounting system, installation is quick and hassle-free with no wiring required. The integrated motion sensor automatically activates the light when movement is detected and switches off after 20 seconds to help conserve battery life.

Perfect for professional workshops, home garages, under shelving, cupboards, utility vehicles and workbenches.

HAFCO MOTION SENSOR LED LIGHT MAGNETIC STRIP 80CM 450 LUMENS

Features

- Motion Sensor Technology-Automatically switches on when movement is detected within range for convenient hands-free lighting.
- Rechargeable USB-C Charging-Easy USB-C charging with rechargeable lithium battery for cordless operation.
