Description

The perfect addition to complement our METALMASTER M28 Pro Series welding table to use as a table riser, bridge or table extension. The modular design makes it easy to set-up and tear down for your job at hand whether it is big or small. Increase precision & consistency for all your welding tasks to save you time and money.

Features

- Heavy 25mm thick cast iron construction
- Plasma nitriding surface finish for increased hardness, rust & spatter resistance
- Ø28mm Precision bored fixing holes at 100mm centres to match our M28 Pro Series tables
- Diagonal hole grid pattern offering a multitude of clamping options
- 5 sided CNC machined surfaces
- Precision CNC machined surfaces to ensure high tolerances
- Mounting holes for attaching an additional leg if using as a table extension
