3D Diagram

Description

Our Hafco welding table wings are the perfect complement to our welding & fixturing tables to aid in jiggling of your welding projects, use as a table extension or use to provide a 90-degree surface to your welding table surface. These self-weld squares are precision laser cut from 6mm steel & feature industry standard 16mm holes at 50mm centres.

Features

- Heavy 6mm Steel construction
- Easy to assemble self-weld design
- Precision laser cut Ø16mm holes @ 50mm centres to work with industry standard tooling
- Please Note: assembly & welding is required to complete setup
- All photos shown have been welded and polished
