

METALMASTER MWC-4

Micro Welding Steel Clamp Set

0 - 7mm Clamping Thickness

METALMASTER Micro Welding Steel Clamp Set MWC-4

Close Up View

Description

A fast and effective method of fastening materials for pinch/spot welding. Unique design generates huge clamping force ideal for automotive applications and especially effective for positioning body panels prior to welding in small spaces such as windows edges, door columns & hatch backs etc.

Features

- Manufactured from steel
- Adjustable thickness clamp from 0 to 7mm
- Self aligning & serrated clamp faces for increased grip
- Spring loaded opening via thumb lock

Specifications
