### Description

#### Continuous speed control

The Basato 3h offers you special features like continuous speed control within a range from 370 to 750 m/min ensuring, at the same time, utmost accuracy by means of top and bottom 3-roller precision guides. For smooth running, the balanced and polished band wheels are fitted with a rubber facing.

The tilting table copes with every task. The large cast iron table offers a safe work-piece support. The tilting table has a precise one hand setting control ranging from -17° to +45°, while the throat width is 305mm. The precision fence system is equipped with a magnifying glass and a safety cut out switch is fitted to the blade door.
